NORTHWEST WOODTURNERS

PRESIDENT'S MESSAGE • ROGER CROOKS

It is great that we are now seeing the easing of restriction due to COVID. I finally got a response from the Multnomah Arts Center and good news – they are open for business again. We have April in the can so it will again be on Zoom – see below. We had remote demos planned through June. May will feature Tom Willing and June will feature John Beechwood. We have not yet determined if these will be live or remote. Our plan has always been to simulcast live demos over Zoom but will need some testing first. Stay tuned!

April General Meeting – April 7, 2022 @ 6:00 pm – Kevin Jesequel – Natural Edge Hollow Forms

I think you will all find Kevin's demo will be one of the best demos you will ever see on hollowing. You have seen his incredible pieces in Show & Tell, and this is all about how they are made. I learned a lot doing the video, and I will never forget his words of wisdom with regards to hollowing – "Never make the inside larger than the outside."

New! – NWWT Community Service Program

I'm happy to announce that one of our new members, Steve Collett, has volunteered to be the focal point for our new Community Service Initiative. See article below. Community Service is a key initiative in our bylaws and charter. Our Beads of Courage Program was a resounding success, and I see this opportunity as an even bigger success with the help of all our members. Please work with Steve as described in his article. To track our efforts, we will document it on our website and in the newsletter, so copy me on all your donations. Pictures are always welcome.

PayPal

If you do not have a PayPal account, you can still use PayPal to pay dues or classes. As explained on our website, PayPal will ask you to set up an account, but you can ignore this and just enter your credit card information and be done.

Liability Waiver

This has been a standard form for classes and other events. Instead of paper, which is a pain to manage, I have added this acknowledgement to event registrations and membership renewals. Once you check the box, it will be added to your profile. You can also go to your profile and select "Edit Profile" and check the box after you've read the waiver. Below is what you will see when you register for a class, open shop or other in-person events. Review the Waiver [HERE](#).

* Liability Waiver ☐ I have read and agreed to the terms and conditions in the document

This is required to attend events and to renew your membership. All you need to do is check the box once and it will apply to all classes and events.

Turning Classes

We just finished our last round of classes. We will take the summer off and start up our next series this fall. When available, the next series will be published on our [Calendar](#). We have a new webpage explaining our series of five classes [HERE](#). We have three Basics classes - Bowl, Spindle and Sharpening plus two Intermediate classes - Bowls and Spindles. Our goal is to run the series once a quarter with the summer off.

Just a reminder, classes sell out quickly so, if interested, signup and if the class is full, join the waitlist as people drop off at the last minute. *Please note - registration must be paid for within 15 minutes or else your registration will be canceled, and you will need to register again.* We also have set a 3-student minimum requirement to hold a class. (It's never been a problem to date!)

Open Shop

Our next Open Shop is **April 9** (generally the second Saturday of every month). Register [HERE](#). Registering will reserve a lathe for you, but all are welcome to come and just chat or sharpen your tools. If you are on the waitlist, you are still welcome and encouraged to come to socialize, sharpen, talk, or turn if a lathe frees up. Our helpers are there to work with members, giving valuable one-on-one help plus sharpening tips for all your tools. Take advantage of this key member benefit!

Open Shop is free, but that does not mean it does not cost the club money. We rent a portable restroom for the day, have lots of coffee and doughnuts, and Dave's electric bill has gone way up, especially in winter. Open Shop will remain free, but we will have a donation bowl out for anyone that would like to contribute (cash or credit card) to the event.

NWWT Store

John Sutter will be at Open Shop **Saturday, April 9**, with all the supplies from 9:00 - 12:00. Pay by cash or with credit card. **Online orders are no longer being accepted.**

—Roger

VP'S "TURN ON THINGS" • KEVIN WHITE

**April Monthly Program Update**

The covid pandemic certainly keeps us guessing. For our club, the uncertainty of whether our meeting place will be available or not has been very unpredictable. As it now stands, MAC is not available, and we do not know when it will be. For now, we will schedule only for the short term so that when MAC does open, we can get back to in-person meetings.

Our **April 7** meeting will be a video demonstration by **Kevin Jesequel**, a member of our club. His hollow forms are excellent, and his video will be remarkably interesting

Kevin discovered woodturning almost two years ago and has gone all in on being involved in our club and learning by doing. He took on the duty of club secretary shortly after getting into woodturning. You will see in his demo that you do not have to be a lifelong turner to achieve excellence in woodturning. His demo will be of a hollow form which he has focused on. This will be his first demonstration.

At our **May 5** meeting, **Tom Willing** will be demonstrating an Egg Wagon as just one example of a toy that can be turned. This should get us thinking of what we could do for NWWT's Toys for Kids program.

Our own **John Beechwood** will be demonstrating the Tulip for our meeting on **June 2**.

—Kevin

BETTER BOWLS TOMORROW PROJECT • STEVEN COLLETT

COMMUNITY SERVICE UPDATE – Better Tomorrow Bowls Project

As part of the Northwest Woodturners Association goal to serve our community by building projects for the public good – we have started a program to provide quality, keepsake wood fruit/salad bowls to public assistance agencies.

Specifically, the **“Better Tomorrow Bowls”** project is partnering with three local agencies that are involved with helping families and individuals in crisis transition to better lives.

These organizations serve families and individuals dealing with issues of homelessness, addiction, domestic violence, poverty, education, mental and physical health, and unemployment to find safety, hope, and independence.

We have the opportunity to help by providing up to 30 wood bowls per month for these agencies to give to their clients as they transition from crises situations to better futures.

Who? All members!!

What? Bowls can be any species, construction or design you want to make or have already made with the following suggestions:

- 11" to 14" diameter
- 3" to 6" depth
- Food safe finish (walnut oil preferred or similar safe oil finish)
- Signature on bottom (i.e., John Smith of NWWT / wood species / year)

How? Donations can be dropped off at any of the open shops, classes, and other events or arrangements can be made by contacting Steve Collett (stevengcollett@gmail.com) to pick up bowls.

Steve Collett, the NWWT Community Service Lead, making a delivery of member donated bowls and platters to the Bradley Angle staff in Portland.

When? NOW! 30 bowls a month is 360 bowls a year. That is a reachable goal with over 200 member and everyone donating just two or three bowls over the entire year. If members wanted to donate more than only two or three bowls? Even better, and the goal will be reached even quicker. (One member has already donated seven bowls)

Please help. This is a terrific, simple opportunity to put your woodturning skills to work to directly help those in our communities.

—Steven Collett
Community Service Lead

More information on the three local organizations is on the following page.

BETTER BOWLS TOMORROW PROJECT • (CONT.)

For over 40 years, Raphael House of Portland has helped survivors find safety, hope, and independence. Since opening our doors in 1977, we've offered uninterrupted access to emergency domestic violence shelter in a confidential location. Our programs continue to evolve to meet the changing needs of survivors and our community in creative and innovative ways. In 2006, our Prevention Education Program was established to address the underlying causes of intimate partner violence and create a healthier and safer community for everyone.

We believe that everyone deserves to live a life free from violence. The mission of Raphael House is to engage our entire community in non-violent living through advocacy, education, and community outreach, and by providing a safe haven from domestic violence

Northwest Family Services supports family stability, child well-being, and victims of crime by focusing on the social determinants of health.

Since 1983, NWFS has worked to reduce poverty through health, education, employment, and social justice services.

Programs and services include health and social service navigation, culturally specific women and children's shelter who have experienced violence, youth prevention and intervention programs, outpatient alcohol and drug treatment, coalition support for drug free communities, support for youth and families affected by incarceration, youth education and employment success, restorative justice, mental health services, job readiness and placement, couple's classes, parenting, healthy relationship education, and more.

Services are offered in the greater Portland-Salem metro area in both English and Spanish.

Bradley Angle helps survivors escape domestic violence and rebuild safe and prosperous lives.

We do this by providing the following services:

- Youth and Family Support: Help for families while in shelter
- Healing Roots and Kinship Programs: Specialized support for Black and African-American survivors and their children
- LGBTQ+ Program: Tailored services to meet the unique needs of LGBTQ+ survivors
- Housing Assistance Program: Housing and support for survivors of domestic violence
- Economic Employment Program: Financial education, jobs, and savings programs

Local partner agencies refer LGBTQ+ and Black survivors to Bradley Angle because of our culturally tailored services. All of Bradley Angle's services are free and rely on the generosity and support of Our Sponsors.

NWWT OPEN SHOP • SATURDAY, APRIL 9

NORTHWEST
WOODTURNERS

OPEN SHOP

SATURDAY, APRIL 9, 2022

9AM - 12PM

DAVE WOOD'S SHOP

24250 SW 65TH AVE, TUALATIN OR 97062

LEARN TO TURN & LEARN TO SHARPEN!

Open Shop will take place on **Saturday, April 9 from 9AM to 1PM**. Dave Wood will again open his shop to NWWT members to spend some time turning together. This is a chance for those of you new to woodturning to have questions answered, learn new techniques or address problems you might have encountered.

Open Shop is directed toward the new turner but **all are welcome!** Bring a project you want help finishing. Bring questions about methods. There will be six lathes available to use. Bring your own tools and wood, or you can also buy wood there.

- Admission is free.
- Bring your own tools and face shield.
- Proof of Vaccination and Masks are required at all times.
- If you have any COVID related symptoms, please stay home.
- Coffee and donuts will be provided.
- Portable toilet will be on-site.
- If you have any questions, please feel free to contact Dave Wood or any other NWWT Board Member.

Location: 24250 SW 65th Ave
Tualatin, OR 97062 [[map](#)]

NOTE: NWWT STORE WILL BE OPEN FROM 9AM-12PM

NWWT TRAINING UPDATE • DAVE WOOD

We are well under way with the 2022 training program, having conducted each of our five courses in the first quarter. Our "one-on-one coaching" approach is very popular with students and instructors alike.

Thanks to Phil Lapp's Accent Signs company we now have new signs for each of the five classes, one for Open Shop, and one for general NWWT functions. The recent Intermediate Bowl and Spindle turning classes were very successful. We focused on next-level of expertise bowl finish cuts and the importance of bowl form and design. The spindles group made Easter eggs using the cup-chuck method. But most importantly, they did it all with the much loved, and feared, skew chisel!

Classes coming up soon for the second quarter are as follows:

April 16	<i>Bowl Turning Basics</i>
May 7	<i>Spindle Turning Basics</i>
May 21	<i>Intermediate Bowl Turning</i>
May 22	<i>Intermediate Spindle Turning</i>
June 4	<i>Sharpening Lathe Tools</i>

Each class is open for 6 students and is led by our Instructor Corps team of 4 or 5 instructors and coaches. If you are an advanced turner and are not yet a member of the Instructor Corps and would like to be, please contact Dave Wood for more information. The best way to learn even more and improve your own skills is to teach someone else!

We'll take the summer off and resume training classes in the fall with a repeat of all five courses, completing all before the holiday season gets busy for everyone.

We have had 35 members take training classes so far this year, and 88 attendees at classes since we began in-person classes in October of 2020. The whole experience of bringing turners together for learning, coaching, and always improving our skills, is rewarding for all, and just plain fun!

Remember, a pile of wood shavings and chips is sustainable and GOOD for the environment. Anyone need some?

—Dave Wood
Education Director

September 24	<i>Bowl Turning Basics</i>
September 25	<i>Spindle Turning Basics</i>
October 15	<i>Intermediate Bowl Turning</i>
October 16	<i>Intermediate Spindle Turning</i>
October 29	<i>Sharpening Lathe Tools</i>

JUST A THOUGHT...

IF YOU EVER
HAVE TO STOP
AND THINK IF YOU
SHOULD WEAR
A FACESHIELD,
YOU PROBABLY SHOULD.

YOUTUBE CHANNEL OF THE MONTH • RICHARD RAFFAN

On this Youtube channel (youtube.com/c/RichardRaffanwoodturning/videos), you'll see Richard Raffan use the tools and techniques he's refined over 50 years and passed on to generations of turners. Here there's no speeded up video showing in two minutes what should take 30 seconds. Nothing is scripted.... so you'll be watching a live demo similar to those he used to do at clubs and symposiums — glitches and all. You'll see solutions to common woodturning problems.

To learn more about Richard Raffan's life as a turner, his workshops and exhibitions, or books and videos, go to richardraffan.com.au

OREGON CARVERS GUILD • ROGER CROOKS

As you get proficient in your woodturning skills, the next step for many people is how to enhance or embellish your work, whether it's a bowl, box, platter, or other item. Coloring can be done with dyes or paint. Pyrography is fun, and options are limitless. But one of the most spectacular enhancements is carving – either by hand or with power tools such as Dremels, micromotors, or a variety of other tools.

Carving options are as varied as the different types of turning. Many turners start thinking about making a pen or a bowl, but as we all know, that is just the tip of the iceberg of what you can do on a lathe.

Carving is the same. There are many specialties in carving that are too numerous to list here. However, for us turners, some very simple carvings can make a huge difference in your piece. You have seen many different carving examples from club members during our monthly Show & Tell presentations.

Carving the outside of a bowl adds a new dimension to your work. Adding color to that work makes a dramatic effect. See photos below.

We have formed the [Oregon Carvers Guild](#) about a year and half ago, taking over the former Carver's Club that went from several hundred members to about a dozen and with the Carver's Special Interest Group from the Guild of Oregon Woodworkers.

Dues are only \$30, and the vast majority of demos and classes have been free or very low cost. OCG will have a 25' booth at Gathering of the Guilds in May, doing demonstrations and selling some incredible pieces of art created by our members.

I love carving, but my skills are limited which is one reason I joined the OCG board as VP. I encourage you to check us out and join us at oregoncarvers.com.

—Roger Crooks

AAW SYMPOSIUM • CHATTANOOGA, TN

AAW 36th Annual International Woodturning Symposium

Chattanooga, Tennessee

June 23 - 26, 2022

Together again!

Join us June 23-26, 2022 in Chattanooga, Tennessee, for 3 days of programming and action sure to enrich your woodturning experience!

An unforgettable experience.

- **Learn quickly all in one venue.** Choose from 100+ demos and panel discussions. Topics appeal to wide range of skill level and interest areas. Internationally known demonstrators. Top woodturning talent.
- **Get motivation and inspiration.** See stunning exhibitions of work by many of the best artists in turning today. Instant Gallery with 1,000+ pieces. Bid on exceptional works at benefit auctions.
- **Shop the Trade Show.** Browse the world's largest woodturning trade show. 100+ exhibitor booths. Ongoing demos.
- **Enjoy camaraderie.** Connect with friends, colleagues, and welcoming woodturners from around the world. Talk woodturning with others who understand your passion.
- **Give to charitable projects.** Donate and/or buy a bowl to support local charity Friends of Special Children. Donate and/or browse the display of Beads of Courage boxes.
- **Visit Chattanooga.** *New York Times* named Chattanooga one of the "Top 45 Places to Go" in the world. One of America's most breathtaking cities.

Symposium Venue

Chattanooga Convention Center
1 Carter Plaza
Chattanooga, TN 37402

AAW • ANNUAL CALL FOR BOARD NOMINEES

AAW

AMERICAN ASSOCIATION
OF WOODTURNERS**The AAW Board of Directors**

The AAW has a volunteer nine-member Board of Directors to represent the membership and move the organization forward. These members are elected by the AAW members in August each year. Any member in good standing for the past three years is eligible to run, regardless of geographical location.

Becoming a Board Member

Do you have the leadership experience, time, energy, and ideas to be a part of AAW's operations, as well as a willingness to help make it a better organization? Be a part of moving the AAW forward – run for a position on the AAW Board of Directors.

The Board is most effective with a diversity of skills represented. Members with experience, such as working with nonprofit organizations, especially in the areas of finance, strategic planning, nonprofit governance, or legal matters, are especially encouraged to apply. In your candidate statement it is more important to emphasize your business and interpersonal skills rather than your woodturning skills.

After a review of application materials and conducting phone interviews, the Nominating Committee will select six qualified candidates from the applicants. From these six, members will elect two Board members, and the Board will appoint a third Board member, to serve three-year terms beginning the following January.

If you are interested in serving on the Board, send the following information to the Executive Director (phil@woodturner.org) by email no later than May 1st:

- **Current resume**
- **A statement of intent, 300 words or less, including qualifications and reasons for applying. Applications demonstrating past nonprofit organization experience and leadership are highly desirable.**
- **Letters of recommendation from two individuals who can confirm your organizational and leadership abilities.**
- **A high-resolution head-and-shoulders photograph of yourself.**

The Nominating Committee will review the application materials and schedule phone interviews in May and early June. Six candidates for the three open Board seats will be presented in the *American Woodturner* journal, along with photos. The AAW will assist the six candidates in producing a brief individual video statement which will be posted to the AAW website. Online voting will occur during the month of August, and election results will be announced in early September.

Approximate Time Involvement

Three face-to-face board meetings each year, expenses paid by the AAW. One Board meeting will be held in conjunction with the AAW Annual International Symposium (normally in June or July), extending the meeting to about 10 days. The other two annual meetings are usually Friday through Sunday afternoon in January and November.

- Two hours or less on a Zoom board meeting call each month.
- Check e-mail daily.
- Stay current with website information.
- Serve on 2 or 3 committees and chair no more than 2 (see Bylaws). This work runs in spurts but averages about 1 to 3 hours per day.
- Additionally, we believe it the responsibility of a Board member to interact with the AAW membership by attending chapter functions and local symposiums whenever possible.

Questions About Becoming a Board Member

For information on the duties of Board members, contact any current Board member or visit the AAW website at tiny.cc/Board for details.

John Beechwood

SHOW-N-TELL

I want to encourage all members — advanced, intermediate and especially new-comers — to share their woodturnings with the rest of the club. When I first joined NWWT, I remember thinking that my pieces weren't good enough to show to the whole club. But when I finally did bring one of my pieces to a meeting, it was well received, and I got a lot of positive comments and helpful, constructive criticism. I've been showing and telling ever since. It's a great way to share tips and techniques, to teach and to learn.

I'm also looking forward to resuming our in-person meetings, so that we can all experience the Show-n-Tell and Challenge pieces firsthand.

OPEN SHOP • DALE LARSON

The Open Shop on Saturday, March 26, was a success. We had six lathes set up. Three projects got turned, a bowl, a sphere and a hollow form. We will do April Open Shop on **Saturday April 30th**. We will start about 9am and go to noon or so.

We encourage new and beginning woodturners to take advantage of Open Shop. We always have plenty of experienced turners to help with projects and problems. Open Shop Saturday takes place at Dale Larson's shop in Gresham. Feel free to call or email if you have questions.

Dale Larson
woodbowl@frontier.com
(503) 661-7793

When: Generally the last Saturday of the month from 9am to noon.

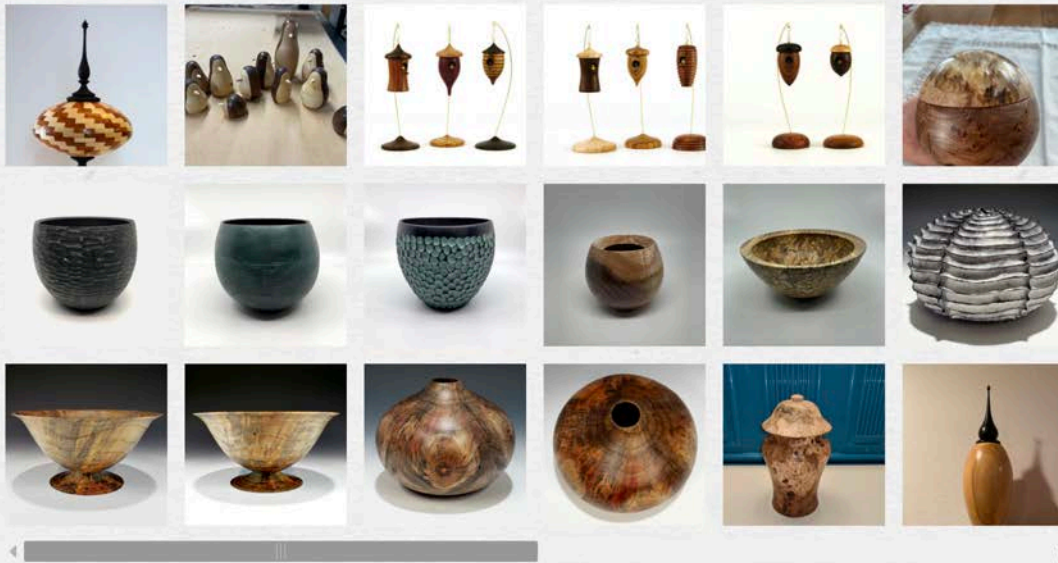

Where: Dale's shop at 5010 SE Regner Rd, Gresham.

Next Open Shop will be Saturday, April 30, 2022 starting at about 9am.

NEED INSPIRATION? • ROGER CROOKS

Show-n-Tell & Monthly Challenge

Need some new ideas of what to turn on that special piece of wood or looking for ideas on how to embellish your piece? You can turn to Pinterest for ideas OR you can look at what your fellow members are doing.

Maybe you saw something at Show & Tell but don't remember the details. Check out our website's [Gallery](#). All the photos that are submitted for each meeting and the pictures taken by Jim at real meetings are/will be posted on this page.

If you need to contact the maker, check with Bill, and he may be able to give you the member's name.

—Roger

BULLETIN BOARD

My name is Brando Garcia, and I'm the purchasing coordinator at Cedar & Moss - we're a light manufacturer based in Clackamas.

We incorporate wood quite a lot with our fixtures so naturally, woodturners are always in need.

Currently, we're in need of a new woodturner that can partner up with us, and help us with our continuous growth. Would you be able to refer me to a woodturner that can accommodate both small and large projects?

Thank you for your time! Please email us if you are interested.

VENDOR SPONSORS ARE KEY TO OUR SUCCESS!

A key component of our financial stability as a club is our vendor sponsors. Our vendors provide periodic gift certificates for the raffle and our annual auction. In addition we receive product donations from some of them. If that were not enough, some also give individual discounts to club members. All this contributes to our financial health. We encourage all of you to patronize our vendor sponsors. It is good for you, good for them, and good for the club.

Special note regarding Northwoods Figured Wood: Northwoods is evolving into a slab supplier and will no longer be in the turning blank business. We are sorry to see them go. They were a huge sponsor for us. We thank them deeply for their historical support and wish them the best in their new endeavor.

NWWT membership has benefits!

Show your NWWT Membership Card to receive a discount off your purchase at Gilmer Wood, Rockler, Woodcraft, Woodcrafters, Crosscut Hardwoods and Milwaukie Hardwoods.

Past newsletters can be accessed from the NWWT website [here](#).

If you don't have internet access, provide me with your mailing address, and I will print out a copy, lick a stamp and mail a copy of the newsletter to you via US Postal Service.

If you do not receive a courtesy email from me by the beginning of the month indicating that a new newsletter is available online, please send me your current email address.

Submissions to the newsletter are due by the last Thursday of the month.

Articles, tips, web links, classified ads and other woodturning-related items are welcome! Send them to [me](#).
